FOR FINAL GAME

Yellow Jackets Here Wednesday to Clash for Championship Basketball Title.

Basketball Title.

Since the news of Randolph-Macon's victory over William and Mary, on the latter's floor last night the Spiders are beginning to pick up and get down to solid work in preparation for their game with the Yellow Jackets on the Howitzers' court Wednesday night. The Spider team is not one whit discouraged over the fact that Randolph-Macon has just defeated the Williamsburgers, who last week had conquered them. In fact, they are much more determined to put in their best work now in the little time left for preparation, so that when the referee blows his whistle Wednesday night they will be in the trimmest shape possible. Coach Dobson says that the men are all in good condition, and will be there with the goods when called upon. He is confident that when the Spider rooters begin their songs and yells the team will play the game of their lives. To-night the Spiders are going to play a practice game with the strong John Marshall Athletic Club on the floor of McGill's Catholic Union, and they will also have another workout tomorrow night, that will probably put them in great shape for the real game. To-morrow night, that will probably put them in great shape for the real game. To-morrow night at 7 o'clock the college will hold a big rally in preparation for the rooting, that will be very much in evidence at the game. At this rally the songs and cheers will be gone over well and arrangements will be perfected for the organized cheering at the game. There will be several short speeches, prominent among which will be those made by Dr. Boatwright and Coach Dobson. The Spider rooters are all as enthusiastic as can be over well and arrangements will be made at the game for the seating of every one, and indications are that the large crowd will be well handled. News comes from Randolph-Macon that their entire student body is going to attend en masse, but Chief Rooter Leslie smiles at this and says, "ish gebibble," for he knows the Spiders will certainly also be "out there—to win."

"The Blindness of Virtue."

To-day and Tuesday, with a matinee each day, at the Academy "The Blindness of Virtue." Cosmo Hamilton's new play, will be produced under the direction of Willam Morris. This play was originally presented at the Little Theatre in London, where it created a sensation. It also ran sixteen weeks in Chicago and ten weeks in Boston last season. Although it is a comedy and has comedy treatment, the play presents a serious subject.

The story of the play comprises a group of incidents in and about a vicarage near London, and portrays the intimate life of the family of an English country vicar. The company piesenting Mr. Hamilton's drama comes from London's Little Theatre with the original production.

"The Red Widow."

"The Red Widow," which comes to the Academy Wednesday, matinee and night, is a musical comedy of attractive style, with a vivid story made fascinating by reason of its excellent score and its clever unfolding. A big organization and an excellent production are said to be its dominant features.

\$22.00 Presidency of Chicago National League Club Offered to Pittsburgh Man.

Cincinnati, Ohio, February 22.—August Herrmann, president of the Cincincinnati baseball club, declared here to-night that C. P. Taft had told him he had offered the presidency of the Chicago National League club to Harry Ackerland, of Pittsburgh.

According to Mr. Herrmann's information, Mr. Ackerland neither accepted nor declined the offer and now has it under consideration.

Murphy is Happy.

Chicago, Ill. February 22.—"I started in basebail with a shoestring and now I'm worth more than \$1,000,000." to-day said Charles W. Murphy, who yesterday sold, under persuasion, the controlling interest in the Chicago National League club.

"I'm a happy man," he said, "because I haven't a thing to worry about, nobody is calling me names and criticizing me, and it seems as if a large weight has lifted from my shoulders."

Murphy grew serious when he was asked to tell how much Charles P. Taft gave him for the 53 per cent of stock of the club,

"I would be violating a confidence to give the exact amount," he replied, "But, estimated on the basis of the price I received for my interest, the club is worth more than \$1,000,000. A half-million or so is a lot of money, but the Cubs are worth it."

If You Are the Head of a Family

the sort of family you are the head of, and the welfare of that family, will depend very much on what you know. No book, of course, will take the place of brains or character; but there is one book in the world better fitted than any other investment you could make to supplement your mental equipment for the many-sided task that confronts you as the head of a family. That book is the new Britannica.

It has articles, for instance, bearing on the problems involved in the bringing up and education of children, on the construction, decoration or maintenance of a house, sanitation, lighting, etc., on matters affecting health, emergencies of all kinds. They are written, as are all the articles in the Britannica, by experts in each special field. You can rely on them, and their range is so wide you will never be at a loss for trustworthy and helpful advice when you want it.

C. P. ARBUTHNOT, Department of Econom-Western Reserve University.

Do You Know

How the lights in a room should be distributed?

How to select the color of wallpaper? How to act when a member of your family is poisoned by mushrooms? What to do when your child has

croup? How much your son, or daughter, should weigh at ten years of age? How much sleep is necessary at different ages?

How to advise your son in selecting his courses at college, or his occupation?

Can you answer the questions your children ask, in a way to help them? These are only seven practical questions out of some 500,000 to which the Britannica supplies answers by authorities. Its unique Index volume and 28 volumes of text

(44,000,000 words in 40,000 articles, a library of useful knowledge more complete than you could otherwise collect in a lifetime) give facilities for instant fact-finding combined with interesting casual or systematic reading unparalleled in the world of books.

The New Encyclopaedia Britannica

A book you need, whatever your situation in life Knowledge is the key to success. Ownership of the Britannica means admission to the ranks of those that know. The reasonable price of the book and the convenient plan of paying for it in payments as low as \$5.00 per month, have placed this great efficiency library in the hands of thousands of
